Add/Review Preferred Pharmacy and Favorite Pharmacies

1	<p>On the tracker, highlight the patient and click Reconcile Meds.</p> 
2	<p>If a Preferred Pharmacy appears in the top yellow row, and the patient states the information is still current, then click Review.</p> 
3	<p>If a Preferred Pharmacy does not appear or you need to change the current pharmacy:</p> <p>a) At Preferred Pharmacy click Edit.</p>  <p>b) To search:</p> <ol style="list-style-type: none">Type the name of pharmacy and city.Click Search. <p>c) Choose 1 Preferred Pharmacy and up to 4 Favorite Pharmacies.</p> <p>d) Click Save.</p>
4	<p>If the patient does not have a Preferred Pharmacy, click the Not Found button. In the Pharmacy Name field, type NO PREFERRED PHARMACY.</p> <p>If the pharmacy is not listed, click the Not Found button and enter the Pharmacy Name and phone number which will update the Preferred Pharmacy field. Note: Not Found information does not get stored, so it won't be available for subsequent visits.</p>
