

Documentation

Insulin Pump - Self-Administer

Add the **Pt Self –Admin Insulin Pump (SET)** to document patient insulin pump self-administration. The SET adds these interventions to the Interventions Worklist:

***Hypoglycemia Assessment (single assessment)**

***Self-Adm Cont Pump Assessment (group assessment)**

- Insulin Pump Assessment
- Drug Self-Admin Competency

Refer to your ministry policy for documentation specifics.

Assessment	Purpose
Insulin Pump Assessment Frequency = ACHS	Documentation of pump settings & site appearance and care <ul style="list-style-type: none">○ Note: The RN cosign for RN/Student/LVN intervention would be used for co-signing initial pump setting if ministry policy requires a co-signature
