Care Area Specimen Collection and Printing Labels

UNC (Uncollected) in the **Orders** cell indicates that the patient has a specimen to collect.

Room-Bed	Diagnosis	Resusci...	Medicati	Isolat
Patient Name	Attending	Age-Sex	Orders	Skin P
Emergency Contact	Admit Date	Allergies	Results	CONF
NQMTRNPR01-45	END-USER TRAINING ...	Full Code		
PRACTICE,MSPqTWE...	Physician,Doctor MD	33/F	Unc	
	12/28/2013	No Know		

To collect the specimen and print the lab label do the following:

1. Click the **UNC** cell.

2. Click to highlight the order to be collected.
3. Click the **Collect** button.
 - This triggers the label to print and to use on the specimen.
